

Reindeer Stables,
Christmas House,
Icicle Lane,

* Hello young human!  The North Pole. *

*  I bet you didn't think you'd hear from a reindeer this Christmas, did you?! And I must say, I don't write many letters, as it's quite difficult when you've got hooves.  

* However, the other reindeer and I wanted to say a big thank you for being asleep when we came round. We know you get excited and that it can be hard to drop off, but this year you did amazingly well! We're all very proud of you, and so is our boss.

* I'd better trot off now, but have a wonderful Christmas and carry on being good, won't you? So that we can come back next year. 

* Lots of love,
Rudolph
